Vetwork Your Business Conference of the Greater Philadelphia Chamber of Commerce

Tuesday, May 16, 2006
8:00 a.m. – 12:00 noon
Loews Philadelphia Hotel
1200 Market Street, Philadelphia, PA
Ticket Price: \$25

Whether you are an established company, an emerging business, or an aspiring entrepreneur, the Vetwork Your Business Conference can help service-disabled veteran-owned (SDVOB) or veteran-owned businesses (VOB) take advantage of significant business opportunities in the Greater Philadelphia Region and beyond.

Join your SDVOB and VOB colleagues as the Vetwork Your Business Conference welcomes William Elmore, Associate Administrator, Veterans Business Development, U.S. Small Business Administration, and a panel of experts including Johnson & Johnson and Merck, who will share insight on how to conduct business in the private sector and the advantages of registering your business within the Central Contracting Registry (CCR) database.

The U.S. Small Business Administration will be on-site to register qualified candidates in the CCR database and show you how to capitalize on your unique classification as regional corporations and government agencies look to satisfy supplier diversity requirements. Visit <http://vetworkyourbusiness.gpcc.com> to access a list of items you will need to bring to the conference to make your registration in the CCR database a smooth one.

Tabletop Price: \$100

If you are trying to reach veteran suppliers, purchase a tabletop in the networking pavilion to meet one on one with this targeted audience.

**For more information or to register please contact Brynn Hines at 215-790-3630
